

**Purpose:** This guide lists the steps required for a staff member, employed as a casual academic on a fixed classification, to complete and submit a Timekeeper (TK) form.

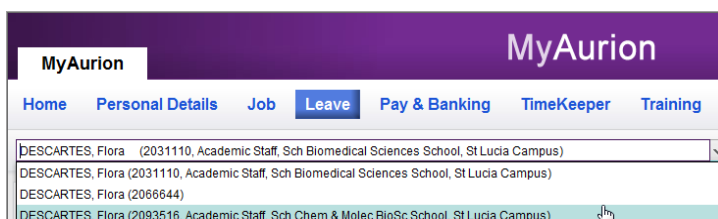

If you prefer to complete your TK form on a daily basis, please refer to the Timekeeper Form (Daily Updates) quick reference guide.

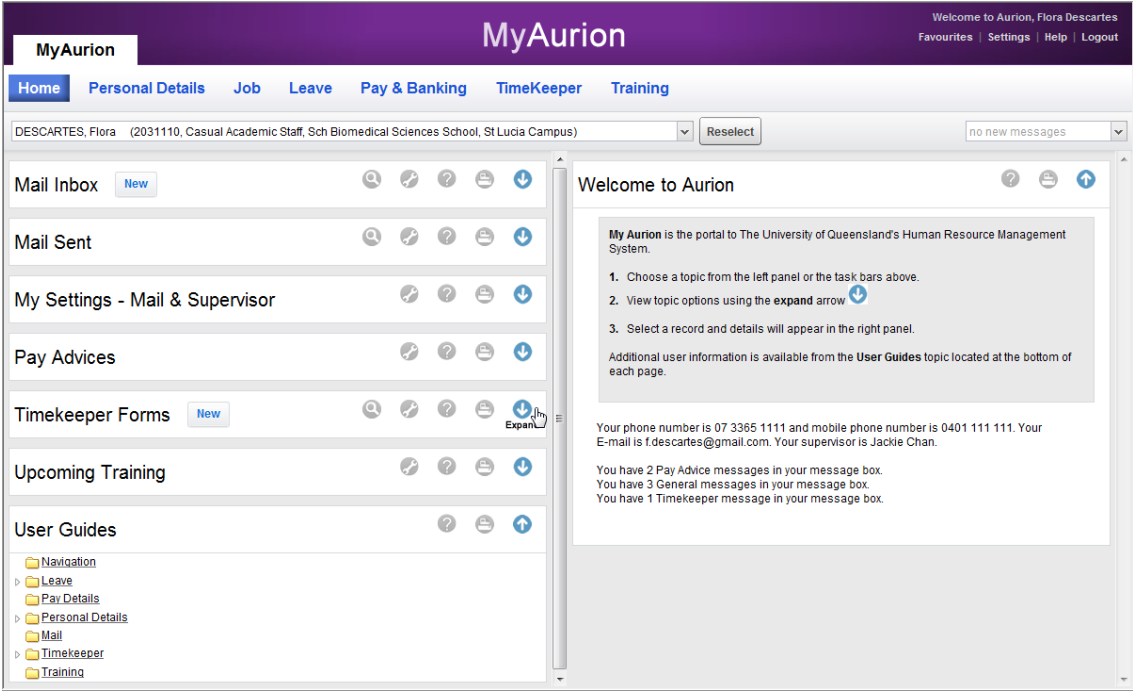

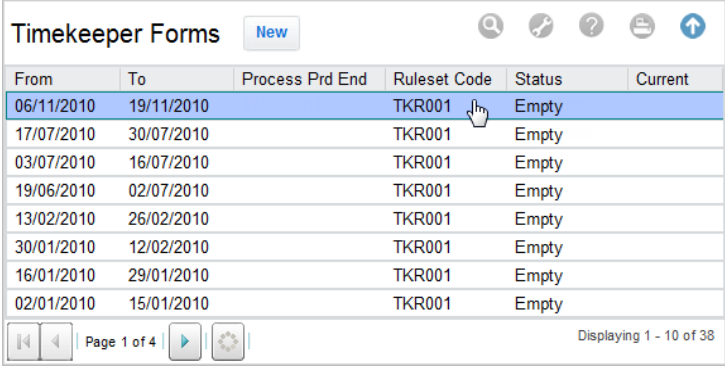

### Note the following:

- All staff members employed by the University on a casual basis must complete and submit a TK form. This is done either electronically via MyAurion or by completing a paper-based form. If a paper form is required, your supervisor will provide you with instruction on how to complete your timesheet
- All TK forms must be approved for payment by 3:00 pm Friday of non-pay week. Each organisational unit imposes their own local deadlines for when TK forms must be submitted to supervisors prior to this deadline. Check with your supervisor for confirmation of your local areas deadline to ensure that you submit your completed TK form on time
- Casual academic staff only record their contact hours on the TK form. Associated hours (preparation and marking) are included in the sessional rate of payment for casual academics where applicable
- For multiple placement holders, MyAurion allocates a separate employee number for each placement held with the University. You must submit a separate TK form for each placement.

To switch between your different placements, access the Person Placement Field, displayed below the menu bar, and select the required placement from the drop-down list provided.

**Note:** Items listed in the Person Placement field that do not contain any placement data are not current placements, however, the employee number is still active. These items should only be selected if you are submitting a TK form for hours worked when the placement was active.

<b>Step 8</b>	<p>From the Confirm pop-up window, click the Confirm button.</p> <p>The status of the TK form is updated to Submitted. MyAurion sends an email to the nominated supervisor or Timekeeper mailbox advising that the form has been submitted.</p> <p>Once approved for payment, the status of the form listed in your Timekeeper Forms grid is updated to Approved. Additionally, depending on the processes of your organisational unit, an email may also be sent to you and (optionally) your supervisor confirming that the TK form has been approved.</p> <p>You can view the message sent to the supervisor (or Timekeeper mailbox) from the Mail Sent grid in the Home summary panel.</p>
<b>Step 9</b>	<p>If you have more than one placement, Steps 1 to 8 should be completed for each employee number for which a TK form is submitted.</p> <p>To switch between your different placements, access the Person Placement Field, provided below the menu bar, and select the required placement from the drop-down list provided.</p> <div data-bbox="261 929 986 1146" style="border: 1px solid black; padding: 5px;">  <p>The screenshot shows the MyAurion interface with a navigation menu (Home, Personal Details, Job, Leave, Pay &amp; Banking, TimeKeeper, Training) and a dropdown menu for 'Person Placement Field'. A mouse cursor is pointing at the last entry.</p> </div> <p><b>Note:</b> Items listed in the Person Placement field that do not contain any placement data are not current placements, however, the employee number is still active. These items should only be selected if you are submitting a TK form for hours worked when the placement was active.</p>

Once you submit a TK form for approval, you cannot make amendments to the form. If changes are required and the form has not yet been approved, you will need to perform the steps necessary to recall the TK form.

For information on how to recall a submitted TK form, refer to the Recall a Timekeeper Form quick reference guide.

If the TK form has been approved, no amendments are possible and a [Casual Salary Adjustment for Timekeeper](#) form must be completed by the finance or administrative officer (on behalf of the casual employee) and submitted to Payroll.
