WE ARE BRINGING PEOPLE TOGETHER TO TALK FUTURE TRANSPORT AND TECHNOLOGIES FOR PEOPLE LIVING WITH DEMENTIA.

HAVE YOUR SAY!

We are seeking people living with mild dementia, care partners, people with experience in transportation, technology, health, ethics, law or policy.

Please contact Dr Jacki Liddle to volunteer or with any questions about the study: j.liddle@uq.edu.au

Participation is flexible. You can participate online or via phone or mail.

This study is approved the human research ethics committee at the University of Queensland and funded by the Dementia Collaborative Research Centres and Dementia Australia Research Foundation.

The research will take place during October 2021 – please contact us to be part of it.
